Point-of-Use Solutions

Solutions that Deliver Results

SupplyPro Point-of-Use Devices

Delivering Control and Accountability at the Point-of-Use

SupplyPro has engineered a wide variety of devices for easy, flexible inventory control at the work cell. Whether you need single-item Absolute Control® to wireless barcode scanning, your solution is tailored exactly to your facility needs. SupplyPro applies more than 17 years of expertise to help customers define requirements and recommend the best processes and devices to deliver optimal results.

Choose the Device Style to Suit Your Need

SmartDrawer

Patented Individual Compartment Control

SupplyPro's SmartDrawer solutions provide all levels of control in a versatile, yet compact footprint. In one cabinet you can control more than 400 parts (SBD-Maxx). In one drawer you can control up to 108 individual parts (Single Box Dispenser). Or you can decide, per drawer between standard lids (2, 4, 6, 8, 12) and high-density (16, 24) and 48-lid configurations (24-long, 36, 48).

Standard Density Lids
2, 4, 6, 8, 12

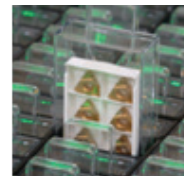

High Density Lids
16, 24

48 - Lid
24 long, 36, 48

SBD- Maxx

Single Box Dispenser
(SBD)

SupplyPod

Small Size, Smart Price, BIG Control

The new SupplyPod from SupplyPro provides all of the control, reporting and order management of our larger Point-of-Use solutions in a small footprint that can be placed virtually anywhere... and at an attractive low price! Control 96, 80 or 44 unique part numbers per SupplyPod. Choose what suits your needs best!

SupplyBay

The Best Return on Investment in Helix Dispensing

SupplyBay provides Absolute Control for high volume dispensing in either a Lexan clear door or solid door device. Engineered for harsh, industrial environments to deliver reliable, high-volume dispenses year-after-year for a wide range of tools and supplies.

SupplyBay comes with various helix types and dispense aids to meet your custom dispensing needs, and can be combined with additional SupplyBays or other SupplyPro devices.

SupplyLocker

Patented Take/Return in a Modular Industrialized System

SupplyLocker allows check-in/check-out of materials and part specific control by user profile. These devices are available in a variety of opening sizes with Lexan clear or solid doors.

Available in 2x4 and 3x4 module configurations with the following door options:

- 1-door
- 2-door vertical
- 2-door horizontal
- 4-door
- 6-door

SupplyLocker

SupplyTower is

designed specifically for items that are tall and narrow, like torque wrenches. It provides 24x7x365 access for items previously too long to fit in a standard locker.

A unique solution for managing narrow items up to 48" long.

SupplyTower

SupplyChiller

Bring Refrigerated Materials Under Control

Do you have materials that need control and refrigeration right on the plant floor? SupplyChiller is the coolest Point-of-Use device for controlling these temperature-sensitive materials.

The SupplyChiller features a locking mechanism uniquely tied to our industry-leading SupplyPort software.

SupplyAgent

SupplyAgent's compartment-based solution provides visual management of a large quantity of materials in a small footprint.

SupplyPad

The SupplyPad provides mobile control for barcoded materials wherever they are

Controllers

SupplyLink Keypad or Badge

Controllers for SupplyPro devices include the touch screen SupplyLink or a simple key-pad. We also offer standard mag-stripe, barcode and proximity badge readers for employee access.

VIM

SupplyPro's Virtual Inventory Module (VIM) allows clients with SupplyLinks to track transactions for products not physically within a SupplyPro device.

SupplyPort

Industry's Leading Web-Based Data Management System

SupplyPort is the intelligence engine that drives our devices, links with distributor information, integrates with customer-based ERP systems and enables access to real-time information and administration on any web-enabled device.

Eastern Sales Services, Inc.

We are a leading distributor of Fasteners, Stud Welding Products and related "C" class commodities. We provide related inventory management services. Our commitment to customer satisfaction and continuous improvement throughout our programs and processes allows our customers to focus on manufacturing their World Class products, while achieving cost reductions in key areas.
